## Introduction

Hello, and welcome to the first printing of *The Freiburg Directory*, an unprecedented expedition in the documentation of The City and its inhabitants presented to you by *Freiburg Gazette* founders Anton and Gilbert Rademaker,.

Our directory is separated into six sections:

**People of The City** lists the residences or favorite haunts of many ‘The City’s’ colorful citizens.

**City and Government** gives the locations of ‘The City’s’ administrative buildings, public works, and attractions including the city’s many parks and museums.

**International Organizations** presents a brief mention to several of the many organizations that have ties to ‘The City’ including the illustrious Knights of the Rose and Cross and the Swordsman’s Guild,

**Shopping** provides any fanatic shopper with a listing of several of ‘The City’s’ major shop fronts.

**Businesses and Services**, is a detailed listing of many of ‘The City’s’ various businesses organized by their respective category.

**Game Master** helps GMs discover the darker and secret side of ‘The City.’

Please understand that we have only been able to document a handful of many fascinating individuals and locations within ‘The City’s’ walls. But we’ve done our best to ensure that anyone, whether visitor or permanent resident, will be able to find *The Freiburg Directory* an essential companion.

And make sure to keep an eye out for updated editions as time goes on. Thank you for your interest.

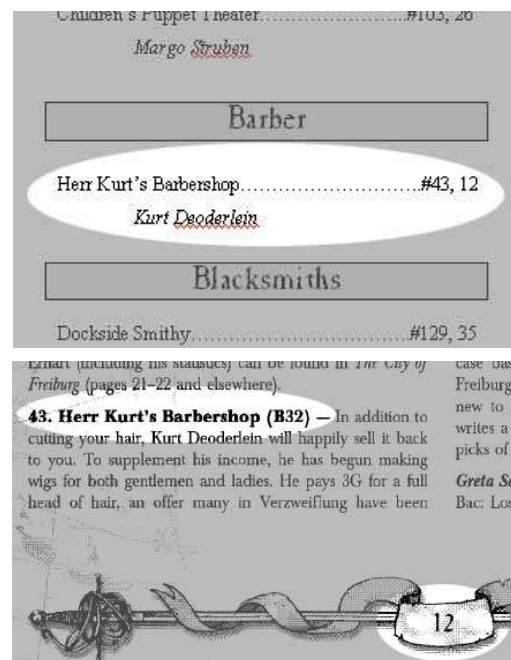

*Anton and Gilbert Rademaker*  
The Freiburg Gazette, Founders

## How to use ‘The Directory’

The Directory is an additional supplement to the *Freiburg Boxed Set*, and is intended to be used in conjunction with *The Sights of Freiburg*. Game Masters should feel free to give The Directory to their Players, and allow them to find locations that may peak their interest. GMs may use The Directory as a Thematic Index, allowing themselves to easily navigate through the information provided within *The Sights of Freiburg*.

Each location is listed with its name and two numbers. These numbers refer to the location’s entry number and the page the entry can be found on within *The Sights of Freiburg*.

For example, Herr Kurt’s Barber Shop (seen below) is a tavern listed as #43, 12. This means that Herr Kurt’s Barbershop is entry #43 and can be found on Sights of Freiburg page 12.
